**Hospitalist Clinician-Investigator  
Center for Innovations in Quality, Effectiveness and Safety  
Section of Health Services Research  
Baylor College of Medicine, Houston, TX**

The Michael E. DeBakey VA Medical Center, Houston, TX and Baylor College of Medicine are seeking qualified applicants for the position of **Hospitalist Clinician-Investigator**, VA Health Services Research and Development (HSR&D) Center for Innovations (COIN) in Quality, Effectiveness and Safety (IQuEST).

Protected research time will be offered. The clinical commitment will be on the inpatient medicine service at the Houston VA Medical Center and includes supervising medicine resident teams. A faculty appointment at the Assistant or Associate Professor level will be given based on experience and fit with appointment guidelines.

A major strength of this opportunity is mentoring provided by leading health services researchers and an environment that cultivates successful applications for career development awards and independent research funding. The hospitalist-investigator will be housed at IQuEST in the Texas Medical Center. Our Center has over 190 staff; 45 are research faculty from both clinical and non-clinical disciplines, such as biostatistics, epidemiology, and behavioral sciences. Center investigators collaborate with faculty at Rice University, The University of Texas School of Health Information Sciences and School of Public Health, University of Houston, and Texas A&M University.

A summary of all activities of our Center are available on our website:
